What is BRIDGE?

The BRIDGE (Building Resourceful Individuals to Develop Georgia's Economy) Act, House Bill 400, was signed into law May 2010 to create an atmosphere motivating middle- and high-school students to learn because they see the relevance of education to their dreams and future plans.

What is BRIDGE?

The implementation of the BRIDGE Act provides middle- and high-school students with career counseling and regularly-scheduled advisement to choose a focused plan of study.

What is BRIDGE?

The **most critical** parts of the BRIDGE Act mandate all students in middle and high school receive counseling and regularly-scheduled advisement. The **second** mandate is that students choose a career area, create an Individual Graduation Plan, and graduate high school prepared to go to college or to enter the workforce. The **third** mandate requires regularly-scheduled advisement for all high- and middle- school students.

What is BRIDGE?

The new rigorous performance standards and graduation requirements found in Georgia secondary schools better prepare our students and ensure they are prepared to move on successfully from one phase of their educational life to the next, and eventually to become a productive citizen of Georgia's workforce.

What is BRIDGE?

The BRIDGE Act when coupled with Georgia's economic and workforce development model creates qualified workers to attract strong, stable companies and industries.
