5202. Program Overview.

Realizing Educational Achievement Can Happen (REACH) Program, launched as a pilot program during the 2011-2012 Academic Year, is a need-based youth development and scholarship program with specific financial, academic, and behavior eligibility requirements. The purpose of the REACH Program is to increase academic persistence and achievement of Georgia's middle and high school students and to increase college access and success for Georgia's low-income and underserved populations.

Participating School Systems nominate and select 7th grade students to participate in the program beginning in 8th grade. The program encourages increased parental involvement and offers students the academic and social support of an Academic Coach and mentor. Upon graduation from high school, an eligible student attending an Eligible Postsecondary Institution may receive REACH scholarship funds to use toward any component of the Cost of Attendance.

The pilot program in which GSFA extended the benefits of the REACH program to REACH Connections Scholars, reaching students in the Georgia Foster Care system, concluded in FY 2020. Students were selected in conjunction with the Georgia Division of Family and Children Services.

The program is subject to available funding and administered by the Georgia Student Finance Authority (GSFA), in accordance with the Official Code of Georgia Annotated (O.C.G.A.) § 23-3-495 et. seq.
