Subject: State Loan Programs Cohort Default Rates

Dear Colleague:

The Georgia Student Finance Authority (GSFA) is announcing the release of the annual Three-Year Preliminary and Official Cohort Default Rates (CDR) and Reports for the current state loan programs to institutions.

### Cohort default rates are provided for the following State Loan Programs

- Student Access Loan (SAL) and Student Access Loan-Technical
- Georgia National Guard Service Cancelable Loan (GNG)
- Scholarship for Engineering Education Service Cancelable Loan (SEE)
- Georgia Military College State Service Cancelable Loan (GMCS)
- University of North Georgia Military College Service Cancelable Loan (GAML)

### Cohort Default Rate Timeline

- Institutions with a borrower entering repayment during the 2021 Cohort Year for any of these programs will receive a Preliminary CDR report in the institution's SURFER Inbox by September 8, 2023.
- Institutions have until October 31, 2023 to request corrections to the borrower data contained in the institution's report.
- The 2021 Official CDR reports will be provided in Institutions' SURFER Inboxes by December 15, 2023.
- Institutions not meeting the required Official CDR requirements will be mailed a letter by December 22, 2023 identifying required action.

Institutions no longer participating in a state loan program are provided CDR reports for informational purposes only.

Any institution that did not have a borrower in repayment during the current cohort default rate period will not receive a CDR report. These schools are considered to have no cohort default rate data and, therefore, no default rate.
