Subject: GSFC Contacts for High Schools and Postsecondary Institutions

As we usher in a new year, Georgia Student Finance Commission is embarking on some new initiatives including the new online Dual Enrollment Application for the 2020-2021 school year, the beginning of a redesign of SURFER in the GAfutures Postsecondary Functions and STARS into the new GAfutures High School Functions. We are exploring the possibility of offering document upload and electronic signature functions for our students and schools. Additionally, we have implemented a reorganization of some divisions and services in our effort to improve efficiency while providing strong customer service.

We have created the following documents to provide new division names, staff members and contact information.

[GSFC Contacts for High Schools](#)

[GSFC Contacts for Postsecondary Institutions](#)

We appreciate your partnership in providing Georgians financial aid programs and opportunities to attend college in Georgia. We hope these forthcoming changes assist you and the students. We will continue to request and value your input.

If you have questions related to the divisions and services for institution, please contact Pennie Strong, Vice President, Program Administration, at 770.724.9014 or email at [pennies@gsfc.org](mailto:pennies@gsfc.org).
