## CAREER CLUSTER INVENTORY (80 QUESTIONS) - GETTING STARTED

Does Career Cluster Inventory (80 Questions) tell you what you can be or should be? NO!

No software can do that. Only YOU can decide what to do with your life.

Career Cluster Inventory (80 Questions) can help you narrow down your choices. Here, you rate 80 activities on how much you think you would enjoy doing them. Most of these activities are things you have done before. Think back to when you did the activity (for example, asking someone to sponsor you in a walk-a-thon). Did you like asking that person to donate money? Rate that item for how much you liked it.

Some of the activities are things you have not done before. For each activity, take a minute to imagine doing it. For example, what would it be like to act in a school play? Would you like it? Would you dislike it? Not sure?

The response choices are:

- Like very much
- Like
- Not sure
- Dislike

NOTE: Your results will be saved automatically when you reach the Scores page. To add personal comments, click the **Save** option. If you need to log off before rating all the activities, be sure and **Save** what you have completed.
